

COSC 1P03 – Assignment Submission Guide

So, you want to submit your assignment, but you don't know where to start, right?

“How do I submit electronically? Where do I hand in the printouts? Why is Earl so awesome?”

I can help you with two of those questions! (The last deals with magnitudes of profundity still outside the bounds of modern science)

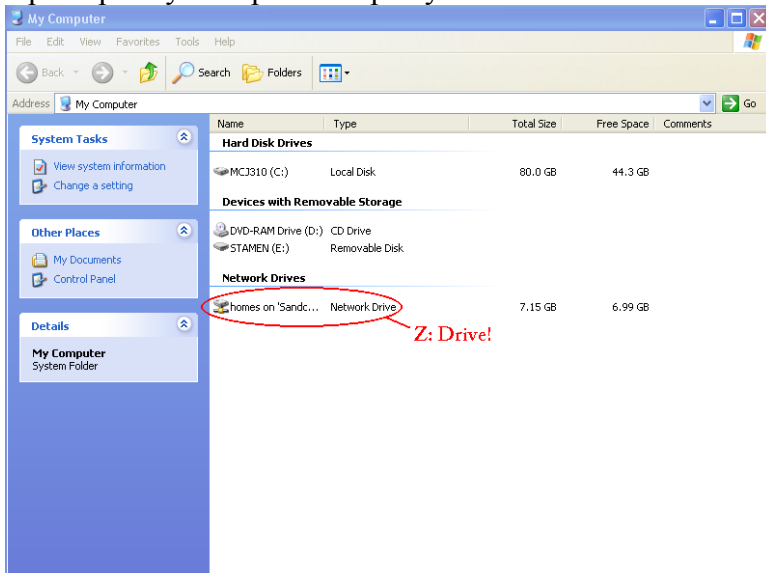

Electronic Submission:

First things first, go to J310 or J301.

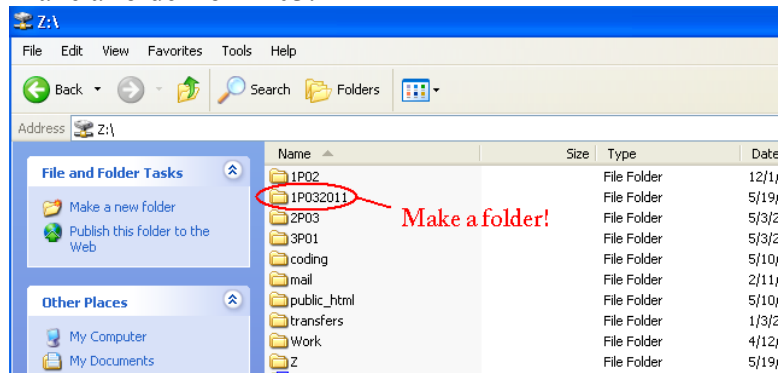

Log into one of the lab computers.

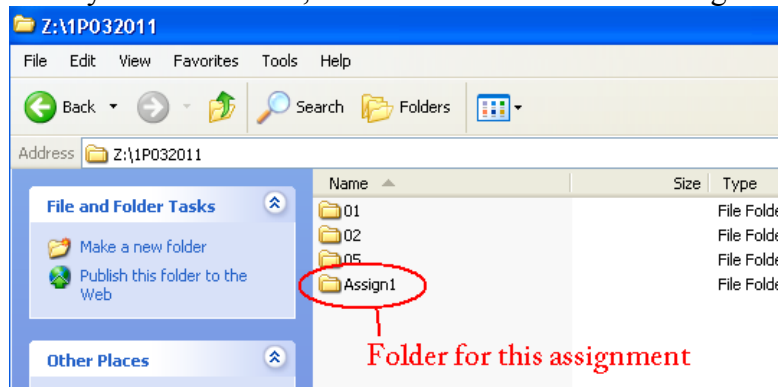

Open up “My Computer”. Open your Z: Drive.

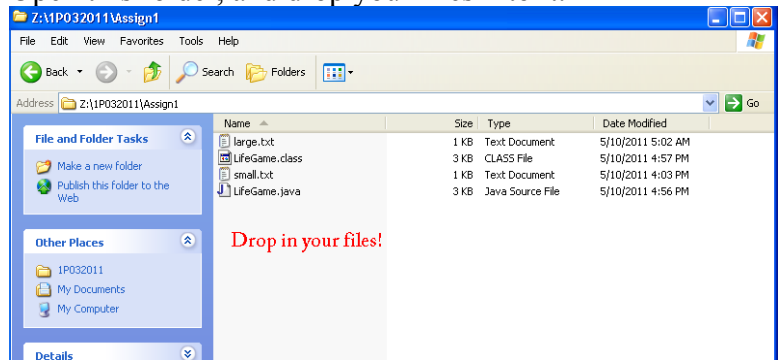

Make a folder for 1P03.

Enter your 1P03 folder, and create a folder for this assignment inside it.

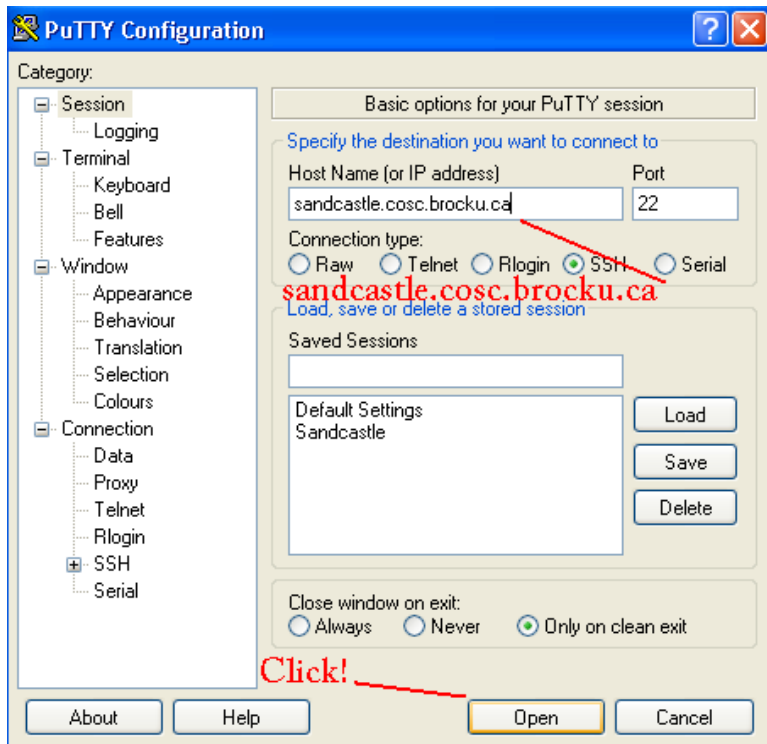

Open this folder, and drop your files into it.

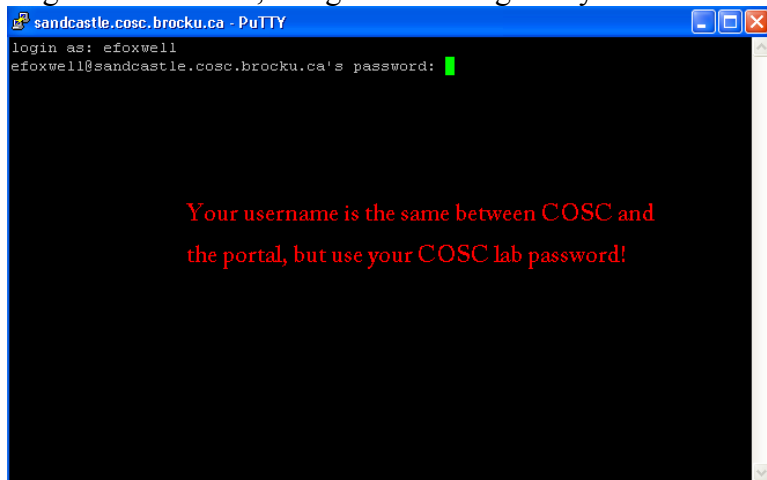

You're done with this window, so you can close it.

Next, open PuTTY (in the Start menu).

Enter `sandcastle.cosc.brocku.ca` as the Host Name, and then click **Open**.

Log into sandcastle, using the same login as you used for the lab computer.

You're in your home folder. It may seem different, but this is the same as your Z: Drive in windows.

```
efoxwell@sandcastle:~$
login as: efoxwell
efoxwell@sandcastle.cosc.brocku.ca's password:
Last login: Thu May 19 20:39:45 2011 from 10.10.48.48
Disk quotas for user efoxwell (uid 1194):
Filesystem blocks quota limit grace files quota limit grace
/dev/sdb2 165180 7500000 9999999 1828 0 0

+-----+
| Computer Science Printer Quota Report |
| User Login: efoxwell                  |
+-----+
| PAGES | COURSE | EXTRA | PAGES |
| PRINTED | QUOTA | QUOTA | REMAINING |
+-----+
| 929 | 0 | 5000 | 4071 |
+-----+

[efoxwell@sandcastle ~]$
```

You start in your 'home' folder. It's the same as your Z: Drive!

You now need to navigate to the folder that contains your files.

Important 'nix commands:

cd {folder name}	Change directory to {folder name}
ls	Display current directory's contents
cd ..	Change to parent directory
exit	We're done!

```
efoxwell@sandcastle:~/1P032011/Assign1$
login as: efoxwell
efoxwell@sandcastle.cosc.brocku.ca's password:
Last login: Thu May 19 20:39:45 2011 from 10.10.48.48
Disk quotas for user efoxwell (uid 1194):
Filesystem blocks quota limit grace files quota limit grace
/dev/sdb2 165180 7500000 9999999 1828 0 0

+-----+
| Computer Science Printer Quota Report |
| User Login: efoxwell                  |
+-----+
| PAGES | COURSE | EXTRA | PAGES |
| PRINTED | QUOTA | QUOTA | REMAINING |
+-----+
| 929 | 0 | 5000 | 4071 |
+-----+

[efoxwell@sandcastle ~]$ cd 1P032011/
[efoxwell@sandcastle 1P032011]$ cd Assign1
[efoxwell@sandcastle Assign1]$ ls
large.txt LifeGame.class LifeGame.java small.txt
[efoxwell@sandcastle Assign1]$
```

cd {foldername} changes to that directory.
ls displays the directory's contents. Note that we see our files to submit!

After you've confirmed that your files are there, it's time to submit!

```
efoxwell@sandcastle:~/1P032011/Assign1
[efoxwell@sandcastle Assign1]$ submit1p03
Assignment Submission Program for COSC 1P03
This program will move ALL files and sub-directories from the current
directory into the designated submission folder for COSC 1P03.
Please run this from a sub-directory of your sandcastle account.
NOTE: Previous submissions will be overwritten.
To exit without submitting your assignment press <Ctrl> + C
Please enter your login -> efoxwell
Which assignment is this for (1,2,3...) -> 1
PLEASE READ CAREFULLY
I have read and understood both the Department's and Brock's policy
on academic misconduct. I declare that this submission is my own work,
and that other work used or referred to is appropriately cited
(for example, within program comments).
Please answer 'y' or 'n': y
Please verify your input.
Login: efoxwell
Assignment # 1
Location of files: /home/faculty/efoxwell/1P032011/Assign1
Are these values correct? (y/n) y
Starting submission process...
----- BEGIN ERROR REPORT -----
If something went wrong, it'd show up here
----- END ERROR REPORT -----
If you see any text between the BEGIN ERROR REPORT and
the END ERROR REPORT please copy all the text on the screen
and e-mail it to root@cosc.brocku.ca.
Otherwise your submission is complete.
```

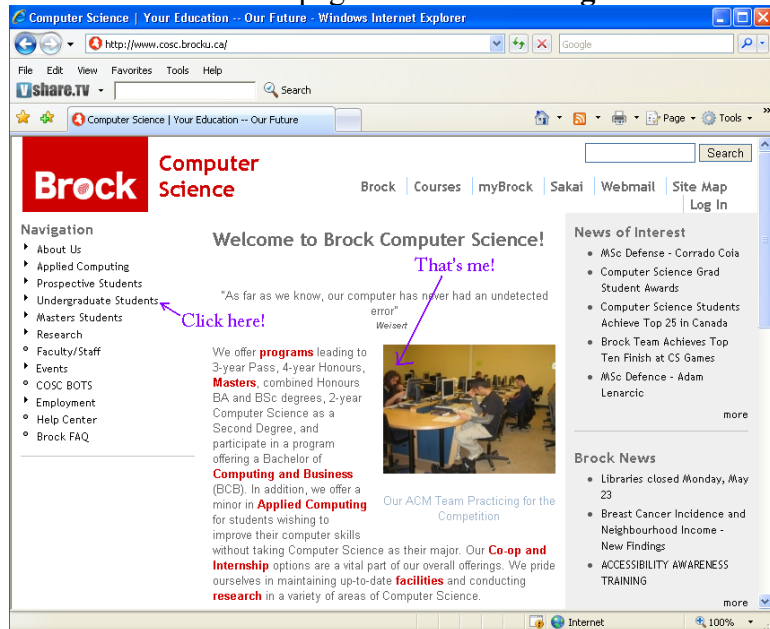

Electronic Submission Complete!

Physical Submission:

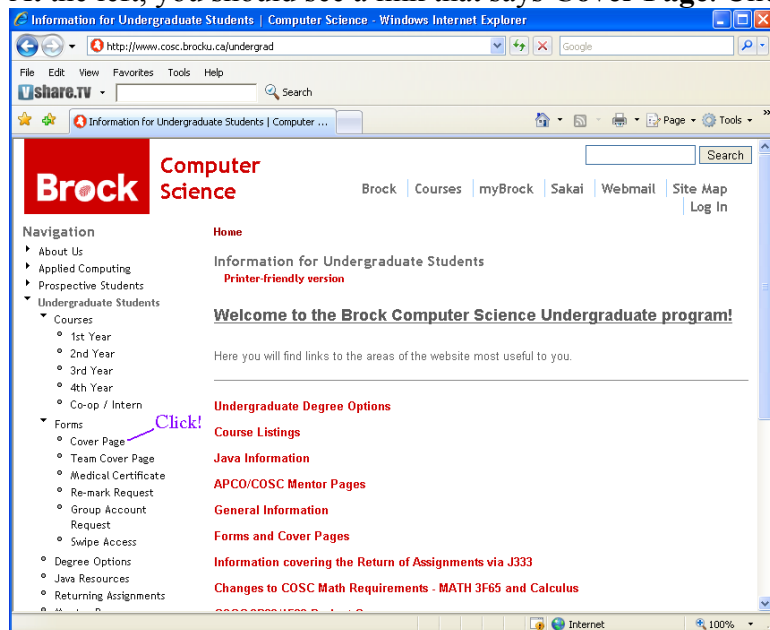

First, of course, you need to print out your source code and a sample execution (see the assignment specification). If it's too thick to staple together, you'll need a 9x12" envelope (the CSC sells them, as does the book store).

Stapled to the front of the assignment (the printout, or the envelope if you're using one) needs to be a Departmental Cover Page.

Go to the COSC homepage. Click on **Undergraduate Students**.

At the left, you should see a link that says **Cover Page**. Click it.

It's incredibly important that you enter your Student Number correctly. (That's the point of the cover page in the first place!) After you've entered it, click **Generate Cover Page**.

You should now see an automagically-generated cover page, complete with your Student Number and a barcode that identifies you. Print it out! (This is what you'll be stapling to the front of your assignment)

Once everything's assembled, all you need to do is drop it into the course's dropbox!
They're pretty easy to spot in the department.

Find the one labelled **COSC 1P03** and drop it in!
